

Addendum 1 to the Town of Mountain View RFP Updating the Town's Comprehensive Plan

Please note:

The Town has extended the amount of time to allow for potential applicants to submit questions about the scope or nature of the project, in order to allow more applicants to participate.

The Town will accept and respond to questions (and post them to the website as an addendum) up to and including the date that the proposals are due to be submitted, which is July 11, 2022.

The RFP Proposed Schedule in the original document should be disregarded and the following Schedule should be substituted instead.

RFP PROPOSED SCHEDULE
